At James & Lindsay, we'll take the time to get to know your business to ensure that your policy provides you with the right level and range of cover.

Whether you operate a major dealership and need a specific level of insurance for the vehicles you handle, or run a smaller-scale garage, body shop or service and repair centre, we could take care of all of your insurance needs in one simple to understand package that's designed to protect your livelihood.

Available covers include:

- Road risks
- Employers' liability
- Public liability
- Product liability
- Material damage for buildings and/or contents
- Business interruption cover

We'll ensure the appropriate cover is included in your policy wording to safeguard your business if something goes wrong, or if you face a potentially damaging claim against you.
